Emmanuel Olajide was born in Lagos Nigeria to two Christian parents: Late Alfred Olajide (an accountant) and Janet Olajide (a retired School teacher). His primary School was Ijero Baptist School and he moved on to St Finbarr's College, Yaba Lagos Nigeria. Because of the shortage of University Education in Nigeria in the early 70's, Dr. Olajide was left with no option but to migrate to the United States of America for further studies, where he landed a B.Sc. Degree at Western Illinois University; And a D.C degree from Cleveland Chiropractic College. At present, Dr. Olajide is an ordained minister at Joyful Nations Ministries where he now pastors the English/Spanish section of the Ministry. In The Studio With Rock Legends Thin Lizzy January 2016 sees the 30th anniversary of the death of Phil Lynott, Thin Lizzy's charismatic frontman, who was also a much underrated songwriter. Lizzy are often thought of as a live band (and they were superb on stage), so how their albums were made is often overlooked ... until now. Lizzy fan Alan Byrne rectifies the omission with this timely album-by-album account of how the records got made (or nearly didn't in some cases!), using original interviews with many of the musicians, producers, friends and even the photographers who shot the pictures for the covers. No stone is left unturned in this exhaustive book, which will make it a must read for Lizzy's army of fans. The book also features previously unseen photos taken by fans, which is a lovely touch. This is the first time the story has been told in this level of depth. Beginning with the eponymously titled 1971 LP, Byrne examines every album made in the Lynott era, culminating in 1983's Thunder And Lightning. Amongst the interviewees are band members Scott Gorham, Brian Robertson and Brian Downey from the classic era. Interestingly, guitarist Snowy White has also given an interview, which is a coup as the reserved musician normally doesn't talk about his time with this boisterous band. Whilst this is a serious study of Lizzy's output, Byrne inevitably has to include some of the wilder stories, which give an insight into what life was like in a band that breakfasted on excess. It also charts Lizzy's rise from struggling wannabes to rock superstars with multi-platinum albums under their belts. It is also the story of an innovative legacy that still reverberates today, 30 years after Phil Lynott's passing. The music he helped to pioneer influences musicians today and each new generation brings more fans who fall under the spell of one of rock's greatest ever bands. My daughters, Carolyn Steidley and Melissa Mc Creary and I had been ministering, counseling, and teaching as a team in the deliverance ministry for over 14 years. To be more effective, in 1996 I decided to pursue a degree at Fresno City and Fresno Pacific Colleges majoring in Speech and Interpersonal Communication with classes in Psychology and Biblical Studies. In 2001, Carolyn and I started the California Glory Riders, a team traveling the U.S., performing on white horses and ministering in word and song at rodeos, prisons and civic events, lifting up "One Nation Under God". In April of 2007, the Glory Riders were selected as one of the four equine teams in the U.S. to participate in the 95th Cherry Blossom Festival at Washington, D.C. "Are You Ready for War" was birthed from counseling Christians who do not recognize their position in the body of Christ, or how to implement the essential tools needed to be victorious against the enemy. Some say the end of mankind is near. Some say that financial turmoil is part of the process, along with global warming, warfare and the spread of mass psychosis. Children are fed drugs to keep them calm; nations are invaded by their neighbors; the climate is changing all around us; celebrities become our gods and materialism is the new mantra. But what is the real truth? Is there an answer to all this? If our material lives are making us happier, then why so many self-help books, films and philosophies? It can't be denied that the times are changing. Every day sees new challenges for our species, while we cause mayhem and madness on an unbelievable scale.
