Down by the marsh, by the sleepy, slimy marsh, one duck gets stuck in the muck . . . Can two fish, tails going swish, help? What about three moose, munching on spruce? Bright, spirited illustrations by Jane Chapman enhance this one-of-a-kind counting tale by Phyllis Root - a feast of sounds and numbers that will have listeners scrambling to join in the slippy, sloppy fun. Strange as it may seem, other people are not nearly as committed to our happiness as we are. In fact, sometimes they seem like they're on a mission to make us miserable! There's always that one person. The one who hijacks your emotions and makes you crazy. The one who seems to thrive on drama. If you could just "fix" that person, everything would be better. But we can't fix other people--we can only make choices about ourselves. In this cut-to-the-chase book, communication expert Mike Bechtle shows readers that they don't have to be victims of other people's craziness. With commonsense wisdom and practical advice

that can be implemented immediately, Bechtle gives readers a proven strategy to handle crazy people. More than just offering a set of techniques, Bechtle offers a new perspective that will change readers' lives as they deal with those difficult people who just won't go away. Mallory is so forgetful that she cannot remember where her nest is, and she searches for it among the nests of other birds. The book that Entertainment Weekly called "hilarious," Publishers Weekly declared "a true pleasure," Booklist called "heartwarming," and the Dallas Morning News praised as "rich and funny" is now available in paperback. When Bob Tarte bought a house in rural Michigan, he was counting on a tranquil haven. Then Bob married Linda. She wanted a rabbit, which seemed innocuous enough until the bunny chewed through their electrical wiring. And that was just the beginning. Before long, Bob found himself constructing cages, buying feed, clearing duck waste, and spoon-feeding a menagerie of furry and feathery residents. His life of quiet serenity vanished, and he unwittingly became a servant to a relentlessly demanding family. "They dumbfounded him, controlled and teased him, took their share of his flesh, stole his heart" (Kirkus Reviews). Whether commiserating with Bob over the fate of those who are slaves to their animals or regarding his story as a cautionary tale about the rigors of animal ownership, readers on both sides of the fence have found Tarte's story of his chaotic squawking household irresistible--and irresistibly funny.

She was hatched in the beautiful lake regions of southern Canada. She was an intelligent and inquisitive duckling, greatly admired by family and friends alike. Delta and her brother Dudley loved the cool, refreshing waters of Shimmering

Looney Lake, where they made their summer home at the northern tip of the Mississippi Flyway. From that day forward, Delta developed a great fear of water and refused to have anything to do with it. When Stanley inherits a Victorian era house from his late grandmother in Victoria, British Columbia, the only way he can afford to keep it is to rent out rooms—a task for which he is woefully unprepared. His salvation and his burden is that Mary Alice, a take-charge matron from next door, is inclined to manage both the house, named Shady Shingles, and Stanley's life. Not to be underestimated in this ménage a trois is Captain, a long-lived parrot. For the humans in the story, Captain is a silent partner who hears everything but says nothing aloud. Readers, meanwhile, are privy to Captain's unspoken thoughts, which cut to the chase with amusing bluntness. This trinity of odd characters reacts with the various clients who come to inhabit Shady Shingles—a serious history major, a steely German, a glib used-car salesman, and a same-gender couple with a knack for upsetting the status quo. The result is a humour-filled story that combines pathos and the absurd, sprinkled liberally with observations about the human condition as Stanley confronts some of the grim realities of life that we all must face. When a bus driver takes a break in this hilarious Caldecott Honor-winning picture book, he gives the reader just one instruction: "Don't let the pigeon drive the bus!" But, boy, that pigeon tries every trick in the book to get in that driving seat: he whines, wheedles, fibs and flatters. Will you let him drive? Told entirely in speech bubbles, this brilliantly original and funny picture book demands audience participation!
