Jesse Dukeminier's trademark wit, passion, and human interest perspective has made *Property*, now in its Ninth Edition, one of the best—and best loved—casebooks of all time. A unique blend of authority and good humor, you'll find a rich visual design, compelling cases, and timely coverage of contemporary issues. In the Ninth Edition, the authors have created a thoughtful and thorough revision, true to the spirit of the classic *Property* text. Key Benefits: A new chapter on the Intellectual Property/Property relationship, that gives students a taste of patent law, copyright law, trademark law, and trade secrets law. The chapter highlights the differences and similarities among the legal treatment of real, chattel, and intellectual property. A dynamic, two-color designed casebook that encompasses cases, text, questions, problems, examples and numerous photographs and diagrams. Extended coverage of major recent Supreme Court decisions, including *Murr v. Wisconsin*, *Horne v. Department of Agriculture*, and *Marvin M. Brandt Revocable Trust v. United States*. This title is a part of our CasebookPlus(tm) offering as ISBN 9781634595384. Learn more at CasebookPlus.com. This comprehensive look at the law of evidence has been extensively updated and made current since the previous edition. One of the most significant changes in the Eighth Edition deals with the revolution in Confrontation Clause jurisprudence occasioned by the Supreme Court's decision in *Crawford v. Washington* (2004). Since the last edition, the Supreme Court has decided half a dozen cases involving *Crawford*'s approach. Substantial additions to the detailed notes regarding confrontation reflect those new developments. Also, new material concerning scientific evidence has been added because of the dynamic nature of that particular area of evidence law—for example, the National Academy of Science's 2009 landmark report on forensic science. Finally, a number of cases and notes on new technologies, such as e-mail, computer simulations, social networking websites, and other the internet issues have been added. Buy a new version of this textbook and receive access to the Connected eBook with

Study Center on CasebookConnect, including: lifetime access to the online ebook with highlight, annotation, and search capabilities; practice questions from your favorite study aids; an outline tool and other helpful resources. Connected eBooks provide what you need most to be successful in your law school classes. Learn more about Connected eBooks

Adhering to the multi-disciplinary and scholarly approach of its predecessors, the eighth edition of *Constitutional Law* guides students through all facets of constitutional law. *Constitutional Law* explores traditional constitutional doctrine through the lens of varying critical and social perspectives informed by political theory, philosophy, sociology, ethics, history, and economics. This comprehensive approach paired with carefully edited cases provides instructors with rich material for classroom discussion. Logically organized for a two-semester course, the first part of *Constitutional Law* tackles issues concerning separation of powers and federalism while the second part addresses all facets of individual rights and liberties. *Constitutional Law* also provides thoughtfully selected content on the First Amendment to give students a well-rounded understanding of religion and free speech issues. Key Features: The text's attention to policy, including discussion of competing critical and social perspectives. A multi-disciplinary approach that draws on political theory, philosophy, sociology, ethics, history, and economics. Thoughtful editing, including both lightly and more tightly-edited cases that balances close textual analysis with comprehensive converge of important opinions and pivotal cases. Streamlined treatment of First Amendment law, so that it efficiently provides the necessary fundamentals in free speech and religious liberties jurisprudence. Through four editions, The late Bernard Schwartz's clear and accessible casebook has illuminated a path through the intricacies of Administrative Law for both students and instructors. Now, under the direction of Roberto L. Corrada (2000 winner of the prestigious Carnegie fellowship for teaching), *Administrative Law: A Casebook* returns in a revised, refined, and updated new edition. As in previous editions, this exemplary casebook emphasizes the basic principles of administrative law in an accessible fashion: concise and practical, it covers key topics in just seven chapters clear and straightforward, it was written with students in mind arranged chronologically, it mirrors the course of procedure in actual practice organized for flexibility, it begins with an overview of administrative law and its agencies addressing state law issues, In addition to standard federal topics, it gives students valuable exposure To The arena where most administrative law issues come up In the new edition, changes, revisions, and improvements for an up-to-date portrait of administrative law, including new coverage of the Office of Independent Counsel and *Morrison v. Olson* *FDA v. Brown & Williamson*, The decision holding that the FDA does not have the right to regulate the tobacco industry agency regulation of cyberspace And The Electronic Freedom of Information Act new coverage of the doctrine of non-delegation and *EPA v. ATA Plus*, revised and expanded coverage of standing issues, welfare reform, And The Chevron doctrine and its increasing importance today The Torts Process, Seventh Edition, offers a student-friendly, procedural approach to tort law. By utilizing a problem-based methodology, students are challenged throughout the text with the use of theoretical and real-life situations. This To view or download the 2021 Supplement to this book click here. The authors of this casebook are committed to reflect fully the dynamism, controversy, and excitement that characterize contemporary constitutional law. While generally striving for brevity, the authors lightly edit cases where the Court appears to be embarking on a new doctrinal course so that sharply different constitutional philosophies are fully and fairly

presented. Features of the new Eighth Edition include: *Hamdan v. Rumsfeld* -- the legality of the use of military commissions by the Executive Branch. *Boumediene v. Bush* -- alien enemy combatants detained at Guantanamo and "the constitutional privilege of habeas corpus". *District of Columbia v. Heller* and *McDonald v. City of Chicago* -- the personal right to keep and bear arms vis-a-vis federal and state governments. *Gonzales v. Carhart* -- limiting the abortion right. *United Haulers Association, Inc. v. Oneida-Herkimer Solid Waste Management Authority* -- state regulation of solid waste and the dormant Commerce Clause. *Parents Involved in Community Schools v. Seattle School District No. 1* -- affirmative action in the public schools. In the area of free expression, among the many cases featured are: *Holder v. Humanitarian Law Project* -- national security v. political advocacy. *Snyder v. Phelps* -- offensive speech and funeral picketing. *Morse v. Frederick* -- student speech in the high schools. *Garcetti v. Ceballos* -- free expression rights of government employees. *United States v. Stevens* -- animal cruelty and the limits of freedom of expression. *Brown v. Entertainment Merchants Association* -- protecting children from violent video games. *Citizens United v. Federal Elections Commission* -- unleashing campaign spending by corporations and unions. The new 8th edition includes some of the latest law review literature as well as the leading constitutional cases covered in the previous edition. *Constitutional Law: Principles and Policies* is updated annually with a supplement addressing recent developments in the area of Constitutional Law. This book also is available in a three-hole punched, alternative loose-leaf version printed on 8.5 x 11 inch paper with wider margins and with the same pagination as the hardbound book. Help your students master the principles of administrative law in an era of change with this new edition of the renowned casebook *ADMINISTRATIVE LAW AND REGULATORY POLICY: Problems, Text, and Cases, Fourth Edition*. The book correlates issues of regulatory policy with doctrinal problems to explore the relationship between administrative government and democratic goals. Their extensively revised casebook now offers more explanatory materials, more concise text, many new cases, and reorganized material for greater accessibility. New co-authors Cas Sunstein and Matthew Spitzer join renowned administrative law authorities Stephen Breyer and Richard Stewart to offer a matchless view of administrative law, including: how agencies promote - political legitimacy how different understandings of democracy bear on evaluation of administrative government the multiple purposes of administrative agencies Emphasizing cutting-edge issues such as the regulation of risks to life and health and regulation of telecommunications, *ADMINISTRATIVE LAW AND REGULATORY POLICY: Problems, Text, and Cases, Fourth Edition*, covers new ground, including: the President's changing relationship To The administrative system recent and proposed congressional initiatives judicial developments in the nature of legal interpretation the role of the judiciary in protecting traditional and nontraditional rights against agency interference or from agency abdication the landmark *Chevron* decision, including issues of standing and evaluation 'frontiers' issues such as cost-benefit analysis, 'low cost' methods of achieving regulatory goals, and 'health-health' tradeoffs The accompanying *Teacher's Manual* contains answers to all the problems in the book. To fully explore the nature and social significance of administrative law, complete with historical elements, turn to Breyer, Stewart, Sunstein, and Spitzer's thoughtful and thorough *Fourth Editions*. This hugely successful cases-and-problems book is acclaimed for its textual clarity, evenhanded perspective, and contemporary, up-to-date character. Easily distinguished from other property casebooks for its clear descriptions of legal doctrine and

its variations; its explanations of the social ramifications of property law; its emphasis on both statutory and regulatory interpretation; its comprehensive treatment of public accommodations and fair housing law, current tribal property issues, and property in human bodies; and its use of the problem method to teach legal reasoning and lawyering skills. Thoroughly updated to reflect significant changes in the law of property, the Seventh Edition incorporates multiple new Supreme Court cases, including: *Texas Department of Housing & Community Affairs v. Inclusive Communities Project, Inc.*, *Obergefell v. Hodges*, and *Reed v. Town of Gilbert*, and three decided or pending cases with implications for regulatory takings, *Horne v. Dep't of Agriculture*, *Marvin M. Brandt Revocable Trust v. United States*, and *Murr v. State*. This is the 2016 pocket part update for McCormick's Evidence, 7th (Hornbook Series). Instructors who want to concentrate on basic themes of contract law will find this flexible, problem-oriented casebook ideally suited to their purpose. Taking a straightforward approach, *Cases, Problems, and Materials on Contracts, Fourth Edition*, is carefully constructed to facilitate student understanding. To make teaching and learning both efficient and effective, The authors: Supply an excellent assortment of well-conceived hypotheticals - with answers in the Teacher's Manual. Provide thorough coverage of the basic themes of contract law. Keep the book to a manageable length, suitable for use in courses of four, five, or six hours. Use a popular cases-and-problems approach. Maintain an accessible tone throughout the text, with clear section/concept introductions. Organize the material for maximum flexibility, starting with Offer and Acceptance and moving to Consideration, but designed so you can easily begin with Consideration or Remedies. Edit cases tightly. Truly elaborate on all chapters for a smoothly flowing text. The Fourth Edition presents important new material: Careful coverage of extensive Article 2 changes; the focus is on the existing version of Article 2, but the 2003 rewrite is considered in detail so instructors can choose which version to emphasize. UETA And The E-Sign Act. Both classic and new cases. Revised and updated Teacher's Manual. New and refreshed problems. Help your students master the intricacies of contract law with the casebook that zeroes in on fundamental topics -- Thomas D. Crandall and Douglas J. Whaley's *Cases, Problems, and Materials on Contracts, Fourth Edition*. An author website to support classroom instruction using this title is available at <http://www.aspenlawschool.com/crandall4> This casebook focuses on the rules and principles of contract law, as well as the lawyer's role in planning and drafting contracts. Chapter One traces a contract case from the agreement stage, to a breakdown in the parties' relationship, to a lawsuit, to a decision in the trial court, and finally to the appellate court's opinion. It includes supporting material, including the parties' agreement, a correspondence from the lawyer to the client, the complaint, a motion to dismiss, the answer, the trial judge's charge to the jury, the special verdict form, the trial judge's decision on motions after the verdict, and the appellate court opinion. These materials help students understand where cases come from and lawyers' various roles, including planning, negotiating, counseling, drafting, as well as litigating. Following the introduction, this casebook presents extensive material on the theory and practice of transactional planning and drafting, as well as additional materials from lawyers involved in the cases. The seventh edition offers comprehensive coverage of contract law theories of obligation, including bargain, promissory estoppel, unjust enrichment, and tort arising in the contract setting. This edition includes new cases and secondary sources on developing issues of contract law. In particular, the casebook introduces several new readings on the

psychology underlying contractual obligation. The casebook highlights new approaches to the problem of assent over the internet, to the battle-of-the-forms, and to consideration. The casebook retains its strength in traditional subjects such as good faith, parol evidence, gap filling, conditional obligation, and breach, but the Seventh Edition contains fewer pages than earlier editions and is suitable for a 4, 5 or 6 hour course. Another goal of the new edition is to present interesting and enjoyable materials. It includes, among other things, cartoons, notes on unusual cases, and cases and problems involving public figures such as the Beatles, Elvis Presley, Aretha Franklin, and Michael Jordan. The Seventh Edition even highlights (through a squib case) the relationship of contract law to epic of Gilgamesh, Woody Guthrie, the Declaration of Independence, Noah and The Great Flood, Game of Thrones, Star Wars Episode V: The Empire Strikes Back, Star Trek, President Obama, and Euclid's proof of the Infinity of Primes, among other references. Premised on the belief that criminal law is an exciting subject to learn and teach, this popular casebook provides a balanced and creative overview of classic and modern criminal law cases and issues while covering both common law foundations and modern statutory reform, including the Model Penal Code. The casebook invites classroom consideration of many controversies in the field (e.g., rape law, race-based jury nullification, Internet crime, and anti-stalking legislation) and defenses (e.g., battered women's self-defense). Using imaginative examples from literature and music to illustrate criminal law issues (e.g., examining insanity with Edgar Allen Poe's The Tell-Tale Heart and homicide with Willa Cather's O Pioneers!), the casebook allows law students to confront some of the Big Questions with which philosophers, theologians, scientists, poets, and lawyers have grappled for centuries. This casebook is an authoritative introduction to the study of public land and resources law. Case studies, case notes, and examples illustrate points under consideration. Thought-provoking questions generate classroom discussion and hone students' legal reasoning. Representative topics include authority on public lands, wildlife resource, preservation, resource, and history of public land law. The Fifth Edition continues to emphasize cases as the best way to teach antitrust law. The principal cases in this edition are the best and most current legal precedents. Judicial opinions are supplemented by historical and economic discussions and analyses. In particular, the notes discuss varying antitrust ideologies, confronting their defects and presenting their strengths. This new edition adds rich new material on: the transnational reach of the United States' antitrust law; antitrust's application to intellectual property; the Microsoft case and its history as it implicates monopolization, tying doctrine and market power analysis; expert testimony after Daubert and its relationship to antitrust summary judgment motions; and antitrust's application in the field of regulated industries. The new edition of this popular casebook is thoroughly updated and refreshed, adding nine new cases and numerous notes to replace old ones and address additional issues. The objectives of the Eighth Edition remain very much the same as they were for its predecessors. First, to help the student develop the skills of statutory analysis by engaging with a comprehensive Code that contains critical definitions and numerous cross references. Second, to help the student understand the substantive law of sales. The materials consist of cases, text, notes, questions, and problems. The cases have been selected for their effectiveness as teaching materials. The text and notes explain the business background of the disputes. The questions push the student to understand and, often, challenge the reasoning of the courts. The problems require the student to apply the learning of the

cases to new situations. The student must master the intricacies of the Code and dig deeply into the language of the statute and the Official Comments, working back and forth among the various sections that are relevant to the solution. The book is suitable for use in both upper-level and first-year courses. For teachers who so prefer, the course can be taught almost entirely through use of the problems. As a part of our CasebookPlus offering, you'll receive the print book along with lifetime digital access to the eBook. Additionally you'll receive 12-month online access to the Learning Library which includes quizzes tied specifically to your book, an outline starter and digital access to leading study aids in that subject and the Gilbert® Law Dictionary. The included study aids are Contracts in a Nutshell, Exam Pro on Contracts and Acing Contracts. The redemption code will be shipped to you with the book. This casebook traces the development of contract law in the English and American common law traditions. Like earlier editions, the 8th edition features authoritative introductions to major topics, carefully selected cases, and well-tailored notes and problems. The casebook is ecumenical in its outlook, presenting a well-balanced approach to the study of contract law without ever losing sight of the importance of doctrine in all its detail. Cases are situated within a variety of disciplines history, economics, philosophy, and ethics and present the law in a variety of settings commercial, familial, employment, and sports and entertainment. The 8th edition will feel familiar yet fresh to current users and both exciting and comfortable to newcomers to contracts or to this casebook. Conflict of Laws: Cases and Materials combines classic and recent cases with discussion designed to develop students' ability to develop a nuanced understanding of this complex field of law. An esteemed author team explores both theoretical and practical aspects of conflicts, with a clear and consistent focus on choice of law, including state law issues where appropriate. Erin O'Hara, a leading scholar, joins the Sixth Edition of Conflict of Laws and ushers in a major revision that goes beyond updates. Two highlights are new chapters on complex litigation and party autonomy/jurisdictional competition as they relate to conflicts of law. Time-proven and classroom-tested, Conflict of Laws: Cases and Materials, features: a clear emphasis on choice-of-law issues and their relationship to jurisdiction and recognition of judgments ample treatment of conflicts in the international arena modern applications to internet disputes, complex litigation, same-sex marriage, party autonomy and jurisdictional competition, and other topics Revised and rejuvenated with the addition of co-author Erin O'Hara, the Sixth Edition brings: new coverage of complex litigation and conflicts enriched and expanded coverage of party autonomy in choice of law new material on jurisdictional competition as it relates to choice of law More than 150 cases help develop the skills you need to identify and resolve the most common drug therapy problems The perfect study companion to DiPiro's Pharmacotherapy: A Pathophysiologic Approach More than 40 all-new cases! Pharmacotherapy Casebook: A Patient-Focused Approach delivers 157 patient cases designed to teach you how to apply the principles of pharmacotherapy to real-world clinical practice. The case chapters in this book are organized into organ system sections that correspond to those of the DiPiro textbook. By reading the relevant chapters in Pharmacotherapy: A Pathophysiologic Approach you will be able to familiarize yourself with the pathophysiology and pharmacology of each disease state included in this casebook. Each case teaches you how to: Identify real or potential drug therapy problems Determine the desired therapeutic outcome Evaluate therapeutic alternatives Design an optimal individualized pharmacotherapeutic plan Develop methods to evaluate the

therapeutic outcome Provide patient education Communicate and implement the pharmacotherapeutic plan Everything you need to develop expertise in pharmacotherapy decision making: Realistic patient presentations include medical history, physical examination, and laboratory data, followed by a series of questions using a systematic, problem-solving approach Compelling range of cases - from the uncomplicated (a single disease state) to the complex (multiple disease states and drug-related problems) Diverse authorship from more than 190 clinicians from nearly 100 institutions Coverage that integrates the biomedical and pharmaceutical sciences with therapeutics Appendices containing valuable information on pharmacy abbreviations, laboratory tests, mathematical conversion factors, anthropometrics, and complementary and alternative therapies Health Care Law and Ethics, Ninth Edition offers a relationship-oriented approach to health law—covering the essentials, as well as topical and controversial subjects. The book provides thoughtful and teachable coverage of every aspect of health care law. Current and classic cases build logically from the fundamentals of the patient/provider relationship to the role of government and institutions in health care. The book is adaptable to both survey courses and courses covering portions of the field. Key Features: New authors Nick Bagley and Glenn Cohen Incorporated anticipated changes to the Affordable Care Act More current cases and more streamlined notes, including ones on medical malpractice, bioethics, and on finance and regulation More coverage of “conscientious objection” and “big data” - Discussion of new “value based” methods of physician payment - Expanded coverage of “fraud and abuse” Current issues in public health (e.g., Ebola, Zika) and controversies in reproductive choice (e.g., Hobby Lobby) Coverage of cutting-edge genetic technologies (e.g., gene editing and mitochondrial replacement) Buy a new version of this Connected Casebook and receive access to the online e-book, practice questions from your favorite study aids, and an outline tool on CasebookConnect, the all in one learning solution for law school students. CasebookConnect offers you what you need most to be successful in your law school classes— portability, meaningful feedback, and greater efficiency. Environmental Regulation: Law, Science, and Policy, Eighth Edition by Robert V. Percival, Christopher H. Schroeder, Alan S. Miller, and James P. Leape, provides comprehensive and easy-to-understand coverage of the entire field of environmental law. It focuses not only on the substance of the environmental statutes, but also on the policies they seek to implement, how they are translated into regulations, and the factors that influence how they affect real-world behavior. Key Features: Explanation of the initial impact of President Trump’s efforts to sharply reverse environmental policy, including use of the Congressional Review Act to veto regulation Coverage of lead poisoning in Flint, Michigan and the Safe Drinking Water Act Coverage of the Paris Agreement on climate change and President Trump’s decision to withdraw from it Effective teaching and study aids mapping the structure of each environmental statute, real-world-based problems and questions, and “pathfinders” explaining where to find crucial source materials for every major topic the Supreme Court’s *Murr v. Wisconsin* decision and its impact on regulatory takings doctrine Explanation of the DC Circuit’s August 2017 decision requiring consideration of climate change in pipeline licensing decisions Self-contained chapters, written in a style accessible to the non-specialist, that also afford instructors flexibility in organizing courses. CasebookConnect features: ONLINE E-BOOK Law school comes with a lot of reading, so access your enhanced e-book anytime, anywhere to keep up with your coursework. Highlight, take notes in the margins, and search the full text to quickly find

coverage of legal topics. PRACTICE QUESTIONS Quiz yourself before class and prep for your exam in the Study Center. Practice questions from Examples & Explanations, Emanuel Law Outlines, Emanuel Law in a Flash flashcards, and other best-selling study aid series help you study for exams while tracking your strengths and weaknesses to help optimize your study time. OUTLINE TOOL Most professors will tell you that starting your outline early is key to being successful in your law school classes. The Outline Tool automatically populates your notes and highlights from the e-book into an editable format to accelerate your outline creation and increase study time later in the semester. With this new edition, Administrative Law: Cases and Materials continues to present the complex substance of administrative law in a format that is both intellectually satisfying and easily understandable. Prior to publication the book was used at the University of Minnesota where the students found administrative law to be both an exciting and rewarding endeavor. In addition to carefully examining current law, students will become familiar with the relevant historical perspectives so necessary to appreciate the dynamics of today's law. They will become familiar with the so-called progressive movement and its regulatory offspring, the independent agency, with the New Deal regulatory agenda, with the post-World War II consensus embodying the Administrative Procedure Act, with the problem of capture, with aggressive modes of judicial review in response, with the problem ossification of rule-making, and with an array of judicial reinterpretations of settled precedents. This focus on doctrinal coherence and historical background provides a rich intellectual experience. This new Second Edition also: Includes new cases through 2010 Term of the Supreme Court, including *Free Enterprise Fund v. Public Company Accounting Oversight Board*, the latest separation-of-powers decision by the U.S. Supreme Court, and last year's *FCC v. Fox Telev. Stations, Inc.* gloss on hard-look judicial review; Focuses upon the relationships among various administrative law doctrines, such as the relation between the substantial-evidence and arbitrary-and-capricious review standards and the relations between those review standards and the Chevron/Skidmore deference standards; and Examines split-enforcement agencies such as OSHA establishes as well as analogous structures in the benefit agencies in addition to omnipresent unitary regulatory agency. This book also is available in an alternative loose-leaf version printed on 8.5 x 11 inch paper with wider margins and with the same pagination as the hardbound book. The most significant change in the Seventh Edition deals with the revolution in Confrontation Clause jurisprudence occasioned by the Supreme Court's decisions in *Crawford v. Washington* (2004) and *Davis v. Washington* (2006). The confrontation section of the book in Chapter 13 is completely revised and substantially expanded. Extensive notes describe the operation of the earlier system of confrontation analysis, the immediate impact, and the areas of continuing uncertainty under *Crawford* and *Davis*. The new edition also continues the trend in the Sixth Edition, which dramatically revamped the book's treatment of scientific evidence, and includes a number of new cases and notes regarding scientific evidence because of the dynamic nature of that particular area of evidence law. This book provides an in-depth treatment of the basic principles that govern federal administrative action. The Third Edition retains the prior editions' strong doctrinal orientation, straightforward organization and presentation, historical depth, and emphasis on the detailed connections among the various doctrines that govern the federal administrative state. The organization has been revised to enhance the sense of connection among doctrinal categories: materials on scope of review now immediately follow materials on

statutory and regulatory procedures in order to highlight the close relationship between procedural and substantive law. The materials have been updated and sharpened, but the well-received structure and focus of the book have not been substantially altered. The 7th edition of this bilingual casebook has been comprehensively updated with new cases. Cases on constitutional law and land reform in the sections on common law principles illustrate the interplay between the common law, constitutional law and land reform. The purpose of the casebook is to provide access to elementary case law in a first course in property law. In the introductory section of the casebook the layout and structure of the case reports are discussed and explained, and students are provided with practical hints and advice regarding the reading of cases. One case is reproduced in full and used as an example of how cases should be analysed and read. Other cases are reproduced as fully as possible to allow students to develop and exercise their own skills in the analysis and reading of cases. The casebook should be used together with the 6th edition of Van der Walt and Pienaar's Introduction to the Law of Property and Inleiding tot die Sakereg, but references to other textbooks have also been included. Securities Regulation, 2007 Case Supplement covers: The Ninth Circuit's embrace of scheme liability in *Simpson v. AOL Time Warner, Inc.* Supreme Court's expansive reading of SLUSA in *Dabit* The SEC's guidelines for entity fines tested against an interesting new problem to illustrate its application The SEC's new disclosures for executive compensation Judicial developments respecting the scope of private relief for rescission under Exchange Act section 29(b) *Brown* decision limiting the scope of the mail and wire fraud statutes *AFSCME v. AIG* Buy a new version of this Connected Casebook and receive access to the online e-book, practice questions from your favorite study aids, and an outline tool on CasebookConnect, the all in one learning solution for law school students. CasebookConnect offers you what you need most to be successful in your law school classes—portability, meaningful feedback, and greater efficiency. Cases, Problems, and Materials on Contracts is known for pioneering the problem method of law school teaching. A staple in classrooms for decades, it stands out from other texts in the scope of its coverage and its use of short, carefully-constructed Problems to expose students to new concepts, reinforce what they have just learned, and stimulate thought. The Eighth Edition, the first since the passing of Thomas Crandall and the addition of David Horton as co-author, is more accessible than ever. It introduces complicated issues with a clear narrative summary or explicit statement of black-letter law. The cases have been tightly edited for best effect. The book can also be easily adapted to fit various pedagogical needs. Although it starts with “Agreement” and moves to “Consideration,” it is also designed for teachers who prefer to begin with “Consideration” or “Remedies.” It can be used in courses that both include and exclude sales. Finally, because it is shorter than most other texts in this field, it works in 4-unit, 5-unit, and 6-unit courses. New to the Eighth Edition: Substantial input from a new co-author means that the book contains scores of new cases, Problems, and narrative introductions to issues. Each opinion has been streamlined to enhance readability. Where possible, applicable Restatement of Contracts and Uniform Commercial Code sections have been printed in the text, saving students the cost of buying separate supplements. Professors and students will benefit from: Coverage of the basics of Contracts Law in a format that allows greater exposure to the legal concepts through the many Problems that fill each chapter alongside the most illustrative cases on point Assessment multiple-choice questions at the end of each chapter that are meatier than such questions in most books, focusing not on the

“right answer” so much as on what real attorneys must consider when confronted with the issues presented. The entire book’s approach not just to teach rules of law but to train students to be lawyers faced with commercial issues. For example, Problems sometimes ask students whether they would be committing malpractice if they took a certain course of conduct, an issue very much on the mind of actual attorneys but seldom mentioned in law school classrooms.

CasebookConnect features:

- ONLINE E-BOOK** Law school comes with a lot of reading, so access your enhanced e-book anytime, anywhere to keep up with your coursework. Highlight, take notes in the margins, and search the full text to quickly find coverage of legal topics.

The purchase of this Kindle edition does not entitle you to receive access to the online e-book, practice questions from your favorite study aids, and outline tool available through CasebookConnect.

The objectives of the Seventh Edition are twofold: to help the student understand the substantive law of sales and develop the skills of statutory analysis in the context of a comprehensive statute that contains critical definitions and numerous cross references. The materials consist of cases, text, and problems. The cases are selected because of their effectiveness as teaching materials, presenting difficult legal questions and explaining the business background of the disputes. The notes elaborate on the background and push the student to question the rationale of the court. The problems further explore the soundness of the court's decision and present new issues of statutory analysis for the student to consider. They require the student to dig deeply into the language of the statute and the Official Comments, working back and forth among the various sections that are relevant to solving the problem.

This abridged version of our popular law school casebook, now in its eighth edition, provides a concise overview of the constitutional, statutory, regulatory, and common law principles of employment law. The doctrinal development of the law is assessed in light of contemporary economic, technological, social, and political conditions. Clear, lucid, and extremely accessible, *Problems and Materials on the Sale and Lease of Goods, Eighth Edition* by Douglas J. Whaley and Stephen M. McJohn helps students understand black letter law and the statutory language of Articles 2, 2A, 5, and 7 in the Uniform Commercial Code and related federal statutes. A sensible, flexible organization follows the order of the UCC, and is adaptable to many teaching styles. Drawing on experience in both teaching and writing, the authors provide thorough and practical coverage using a popular problems approach. The text’s effective format, manageable length, and inclusion of the most important cases make *Problems and Materials on the Sale and Lease of Goods* concise and efficient.

New to the Eighth Edition: New cases in most chapters examining hot topics Expanded discussion of boilerplate clauses Review Questions added as a summary to each chapter Updates discussion of Restatement 3d changes to strict product liability standards Professors and students will benefit from: Concise, effective format—makes black letter law accessible and helps students understand statutory language in the Uniform Commercial Code Thorough

and up-to-date coverage Sensible, flexible organization—follows the order of UCC Articles 2, 2A, 5, and 7 Adaptability to many teaching styles Popular problems approach—straightforward and practical problems, with interesting fact patterns, illustrate the relevant issues and their resolution and help to put the commercial sales statutes and regulations into context Distinguished authorship—draws on experience in both teaching and writing Manageable length and clear writing style Case selection—the most important cases are selected to illustrate the reactions of the courts to pressing issues This classic casebook traces the development of contract law in the English and American common law traditions. Like earlier editions, the 8th Edition features authoritative introductions to major topics, carefully selected cases, and well-tailored notes and problems. The casebook is ecumenical in its outlook, presenting a well-balanced approach to the study of contract law without ever losing sight of the importance of doctrine in all its detail. Cases are situated within a variety of disciplines history, economics, philosophy, and ethics and present the law in a variety of settings commercial, familial, employment, and sports and entertainment. The 8th Edition will feel familiar yet fresh to current users and both exciting and comfortable to newcomers to contracts or to this casebook.

Eventually, you will unquestionably discover a extra experience and deed by spending more cash. still when? complete you believe that you require to get those all needs in imitation of having significantly cash? Why dont you attempt to get something basic in the beginning?
