In 1960, To

Kill a Mockingbird was published to critical acclaim. To commemorate To Kill a Mockingbird's 50th anniversary, Michael J. Meyer has assembled a collection of new essays that celebrate this enduring work of American literature. These essays approach the novel from educational, legal, social, and thematic perspectives. Harper Lee's only novel won the Pulitzer Prize and was transformed into a beloved film starring Gregory Peck as Atticus Finch. An American classic that frequently appears in middle school and high school curriculums, the novel has been subjected to criticism for its subject matter and language. Still relevant and meaningful, To Kill a Mockingbird has nonetheless been under-appreciated by many critics. There are few books that address Lee's novel's contribution to the American canon and still fewer that offer insights that can be used by teachers and by students. These essays suggest that author Harper Lee deserves more credit for skillfully shaping a masterpiece that not only addresses the problems of the 1930s but also helps its readers see the problems and prejudices the world faces today. Intended for high school and undergraduate usage, as well as for teachers planning to use To Kill a Mockingbird in their classrooms, this collection will be a valuable resource for all teachers of American literature.

To Janey Larkin, the blue willow plate was the most beautiful thing in her life, a symbol of the home she could only dimly remember. Now that her father was an itinerant worker, Janey didn't have a home she could call her own or any real friends, as her family had to keep moving, following the crops from farm to farm. Someday, Janey promised the willow plate, with its picture of a real house, her family would once again be able to set down roots in a community. Blue Willow is an important fictional account of the Dust Bowl and the Great Depression, and has been called The Grapes of Wrath for children. It won a Newbery Honor and many other awards. American society has taught children that no one cares for them, that society is indifferent to them. Dill's folks didn't beat or mistreat him. What they did was tell him: All right, we bought you all the toys. Now, go play with them and leave us alone! This is America! We have bought our children all the toys and then told them: Now, go away and leave us alone! When a child is made to feel he or she is of no consequence, is not loved, is not even wanted, that child has all the potential for becoming a monster, a curse rather than a blessing. Don't expect a child to understand what is adult responsibility. America has failed miserably, as a nation, to cherish its young, and as Atticus Finch warned: The bill is coming due! When any society condones, and even encourages violence, particularly violence against children, that society will pay the price. When a society teaches children that there are no moral absolutes, that perversion is acceptable and approved by society, that all manner of violence and perversion is approved and called "entertainment", children know such a society has no real concern for them, that such a society is really **INDIFFERENT!** to them.
