Hate paying bills? So do I, and that's why I stopped! What if I told you that I haven't paid a bill in almost two years and my credit score is in the high 700's, low 800's? Would you call me a liar or would you want to know how I did it? With the help of Bella the Budgetnista, featured in this book, we will teach you what I took years to learn. The One Week Budget is for anyone that wants to manage their day-to-day money without the day-to-day hassle. Does this sound like you? What are you waiting for? Read the book already! Tiffany "The Budgetnista" Aliche Don't try to beat the market, grow with it instead Being rich isn't just for the wealthy Most people either disregard their finances out of concern when it comes to money or allow themselves to be sidetracked by an abundance of information when it comes to money. However, neither strategy will make you wealthy. Learn the

fundamentals of finance in this seven-week challenge and guide to develop your money and bring riches into your life, regardless of where you're starting from. Are you likewise hesitant to invest, completely ignorant of how it operates, or simply not very risk-tolerant? The easiest, lowest-risk method to help the American economy and obtain a full return on your investment is to invest in index funds and let them passively accumulate earnings, as you'll discover in this book. **READ THIS BOOK IF YOU:** Want to save money but never have any extra to save Are overwhelmed by the investment market Want to start saving for retirement Want to invest but are risk-averse Are curious about how index funds work Need level-headed financial advice You want to grow your money in seven weeks Scroll up now and get a copy to start growing your money in this 7 weeks simple Hack Dave Ramsey explains those scriptural guidelines for handling money. Maximize your retirement and focus on income and master the

“inside game” armed with a fresh perspective of 200 years of stock market history tied to the exact lifecycle of the average investor. The majority of investment books today deal strictly with the external strategies to help you maximize your retirement. This book teaches you how to master "the inside game" including how to hire the best advisor for you at this point in your life. Fact: Since 2000, Americans saving for retirement have seen their nest-eggs decimated by two catastrophic stock market crashes, and the biggest financial crisis in the U.S. since the Great Depression. With the global economy still in turmoil and the potential for another market crash on the near horizon, today's generation of retirees and near-retirees can't afford to rely on outdated, stock market-based savings and investment strategies that put them at high risk for damaging losses. The good news is that they don't have to. For 17 years, author David J. Scranton has been teaching investors how to protect their retirement money

from stock market turmoil through non-stock alternatives designed to generate reliable retirement income and provide reasonable, strategic portfolio growth. Let's face it: Adulthood is hard, especially when it comes to money management. In *Money Honey*, former financial advisor Rachel Richards achieves the impossible by bringing humor and sass to the dreaded subject of personal finance. An avid investor and business owner, Rachel talks straight about how to attain financial freedom. You'll find no shortage of valuable nuggets in this tough-love guide that will teach you how to: -Double your income and halve your expenses -Consolidate your student loans and lower your interest rate - Open a brokerage account and make a trade so that you can start investing in the stock market - Allocate your money between debt payoff, short-term savings, and retirement -...and lots more! Most importantly, you'll learn Rachel's 7 Simple Steps for getting your financial \$hit together. If you're ready to whip your finances into shape

and have fun while doing so, this book is for you. Burley found that the books on money either went one of two ways. They were either too technical that once you were done reading them, you had to do a bunch of research in order to even begin, or they were very motivational but didn't tell you what to actually do. Money Secrets Of The Rich strives to be a book that does both. Readers discover the seven "counterfeit convictions" that keep them broke and encounter proven plans and for getting out of debt, building wealth, and finding financial peace. Money habits. Where do they come from? Can you pinpoint when you started shopping to feel better, why you can't usher grown children into financial independence, or why saving for the future is a priority in theory but not in practice? Amie Streater, associate pastor of financial stewardship for the 10,000-member New Life church in Colorado Springs, has been there. From her own experience, she knows what it's like to look at an impossible pile of bills

and a pile of toddlers wrestling in the next room. In Your Money God's Way, empowered by her own incredible journey to financial freedom, she leads readers to the dream of mastering their finances. She also expertly uncovers seven "counterfeit convictions" Christians believe that hinder their personal finance success. What you will learn from reading my book is how to get started, identify how much you want to earn, learn what makes a win-win scenario, and ensure your investment is secure. Moreover, you will learn about the crucial role of banks within our industry, and why investing in property is the best way to create a healthy nest-egg for yourself. As a husband, father, business owner, property investor, and trainer, Stuart is happy to have the opportunity to share what he has learned from an industry that has provided him with a significant passive income. Further, as a person who is driven, ambitious, and generous, Stuart would not only like to continue to succeed in the trillion-dollar property investment

industry, but he would like to share his knowledge with you so that you can navigate all of the important decisions and routes along your journey. Are you frustrated in your efforts to succeed and create abundance in your life? Are you exasperated even though you may have set goals for yourself, gained knowledge, and worked hard? Are your financial dreams just not working out the way you'd like them to, or as fast as you'd like them to? Are you wondering what is standing in your way, preventing you from accessing the life of freedom you've been dreaming about? Well, The Abundance Code is here to provide the answer you've been searching for... There is a hidden yet crucial element to success and abundance that most people are unaware of—because that essential element is buried in their unconscious minds. The Abundance Code is about how you can (and must!) rewrite your subconscious programming so that you can effortlessly achieve the rich life of abundance you deserve. Julie Ann Cairns

takes you through the "7 Money Myths"—an extremely common set of subconscious barriers put up between you and your attainment of abundant wealth and freedom—and helps you banish them, so that your subconscious "code" can come into alignment with your conscious goals for financial freedom. If your underlying programming does not support your goals—and it probably doesn't—then Julie will show you how to get out of your own way and finally access the life you have always wanted. You can be successful, you can be wealthy, and you can make money without expending physical effort or sacrificing too much of your precious time. You can become financially free with the luxury of choice. It's all possible for you, but conscious goals and knowledge are not enough to make this happen—you also need a set of supporting subconscious beliefs in order to ultimately prosper. If you have tried and tried to attain financial freedom but are still struggling, then this book will provide the breakthrough you've

been waiting for. Living Paycheck to Paycheck Sucks! Here's How to Break the Vicious Cycle: Aren't you tired of never knowing whether or not your money is going to last you to the end of the month? Chances are that you're already all too familiar with asking friends or relatives for a couple of bucks. You're not alone in this predicament. Some shocking reports suggest that 74% of all employees have no emergency savings and are entirely dependent on their paycheck. In fact, the situation is so bad that only 40% of people can cover an emergency expenditure of \$1,000 without turning to a bank or their credit card. It's time to put an end to that vicious cycle. Financial independence and freedom from debt do not require a ton of rigorous discipline or incredible wealth. It's simply a matter of reassessing your priorities and getting a realistic view of how much you're actually spending per month. Chances are that you're blowing cash you haven't earned. Credit cards and other financial instruments create a

false sense of security, and at the end of the day, you'll have to pay the money plus the interest rates back. America is experiencing a debt crisis and our consumerist society is largely to blame. If you take a minute to assess some of your latest purchases, you'll probably find that you're spending a ton of cash on things you don't need. So, what's the secret to rectifying such impulsive behaviors and reclaiming your financial wellbeing? Major change is difficult to stick to. Starting with baby steps, on the other hand, can produce tremendous results that will last years, if not a lifetime. In SimpleCents Guide to Manage Your Money, you will discover: The #1 reason why you're still in debt - the secret bankers don't want you to know The truth about things you want and things you need A quick first-step to getting out of debt that's free A 7-day financial plan that will help you dominate your student loans, medical expenses, and other massive debt you have to pay back 8 fatal mistakes that keep you in debt and how to avoid

them like the plague! 7 easy steps for setting up an emergency fund that's suitable for everyone, even low income households (Step 5 is what works like magic) Why setting apart \$5 per month is enough to start building your wealth A simple and proven introduction on how to invest that you can master A Free Bonus Video Course That Will Help You Put Your Money and Investing On Autopilot In 4 Quick Steps And much more! You are not at the mercy of banks and creditors. Your life doesn't have to be spent thinking about how you're going to survive, how you're going to give your kids the best possible future or just where that extra money is going to come from next month. It all starts with a simple mind shift. Once you open your eyes and discover how society has tricked you into indebtedness, you'll never go back. It's time to put your foot down and reclaim your financial freedom. The journey towards wealth begins with a simple step. Scroll up and click the "Buy Now With 1-Click" button to discover the secret.

Your fool-proof guide to paying off debt, planning for the future, and breaking free of our debt-loving culture. The consumer credit industry wants us to believe that debt is necessary to bridge the gap between our pitiful incomes and the lifestyles we desire. But the problem is not that we don't have enough money. It's that we don't know how to manage the money we already have. And until we learn that, more money will never be enough. In this life-changing book, Mary Hunt shows you how to live a rich, fulfilling life without any consumer debt. By applying her simple principles and specific methods, you will learn how to effectively manage and maximize the money you have. No more guessing, wondering, or worrying. Just peace and a more abundant life. What have you got to lose? What's the first thought you think when you hear the word 'money'? Leslie Juvin-Acker, Chief Happiness Officer of Leslie Inc. and career development and emotional intelligence expert declares that

our relationship with money is deeply rooted in our subconscious mind from memories stored in our childhood and can be reprogrammed within minutes. Like most people, you probably have more than one family member or friend with an unhealthy relationship to money that can't seem to break free no matter what they try to do to save, budget, and cut down on spending. Maybe you've tried every solution to earn more money but can't seem to break free. Sadly, this is the reality for millions of Americans who live and die in debt. The Money Formula offers a fast, simple solution that you can apply to every word in your financial vocabulary from money, mortgage, debt, and more. Stop feeling bad every time you make a purchase. Learn how to control what you think and how you feel about money once and for all. Think money. Feel happy. This book drops the emotional baggage that comes with wealth and abundance and sets readers free to enjoy a new relationship with money. - Where do our attitudes about money come from? - How

are you limiting your earning potential? - Are you creating unnecessary strain in your personal relationships when it comes to money? - Are you repeating financial behaviors that you learned from your parents? - Can you tap into your imagination to create new solutions for financial abundance? - Is it possible to love money and for it to love us back? - What is the key to true financial freedom? Two-thirds of American parents today think their children are spoiled. From toys and laptops to smartphones and cars, our kids have grown increasingly entitled in what they believe we should do for them. Kids may not appreciate the value of a dollar, but it's hard to blame them. After all, what have they learned about money? Managing finances is rarely covered in schools, and as a parent, you probably don't know where to start. How do you provide a strong foundation of financial knowledge for your kids with these gaps? What should they learn each year? How do you teach a skill set you never received yourself? In Smart,

Not Spoiled, financial expert and bestselling author Chad Willardson provides you with practical tools, tips, and stories that will help you teach the kids in your life how to think about money. Chad explores the seven skills your kids should know-and master-before they're adults and helps you improve the financial literacy of everyone in your household. A strategy for changing attitudes about personal finances covers such topics as getting out of debt, the dangers of cash advances and keeping spending within income limits. 7 Steps to Becoming Financially Free Workbook offers all the nuts and bolts to make the most of God's generous gifts. In this perfect complement to the book, 7 Steps to Becoming Financially Free, you'll find all the necessary tools to implement sound principles of financial management, budgeting, and investing in your life. An author, financier, and lifelong Catholic, Phil Lenahan weaves personal anecdotes with sound Catholic teaching and extensive financial counseling experience to

help you gain clarity on some of the biggest issues you face today. Most important, he shows you why your financial plan is part of a much larger spiritual plan that God has in mind for you. 7 Steps to Becoming Financially Free Workbook walks you through the right spreadsheets, spending analyses, calculators, metrics, and helpful prompts to create the best financial plan for yourself and your family ? without losing sight of Catholic teachings regarding money, being good stewards, and trusting God's plan. It helps you to appreciate the gifts God has given you ? your skills, your education, your training, your income ? and shows you how to use them as He intended. True financial freedom is about a lot more than just getting out of debt or saving for retirement. True financial freedom is being a good steward of all that God has blest us with, and trusting in His providence as we set our future goals. Start your journey to true financial freedom today. "A motivating guide to claiming financial health and

success [that] speaks to the unique money challenges of Black women and offers empowering steps to healing.”—Ebony
“Thoughtful, holistic, heartfelt advice.”—USA Today
If you’re tired of feeling powerless over your finances and are ready to start funding your dreams, then come on, girl—it’s time to get your money straight! Author and financial expert Glinda Bridgforth knows that healthy money management is rarely just about dollars—it’s about getting to the root of why we spend what we do and recognizing the emotional and cultural issues that play out in our unhealthy financial habits. *Girl, Get Your Money Straight!* presents her seven-step program for holistic financial healing—an upbeat, empowering road map that you can use to identify your heart’s desires, break away from negative spending patterns, pay off outstanding debts, develop a spending plan, conquer the checkbook blues, and create new wealth. Filled with Bridgforth’s warmhearted wisdom and advice, and complete

with worksheets, exercises, affirmations, and inspiring stories of African American women who have found financial peace of mind, *Girl, Get Your Money Straight!* is a fresh, fun, and eminently practical guide to healing your bank account and building a life that you love. Discover a powerful new way to look at your money and your life. Where do our attitudes about money come from—and how do they influence our lives? How can we approach financial issues with honesty and without fear? In this groundbreaking book, renowned Buddhist teacher George Kinder, a Harvard-trained certified financial planner, demonstrates how we can literally transform our lives emotionally and financially by achieving “money maturity”—a full understanding of the spiritual and psychological issues surrounding our money lives. Drawing on ancient Buddhist wisdom and his years of financial practice, Kinder has created a revolutionary program that guides us through the Seven Stages of a revolutionary journey—one

designed to help us uncover the roots of our attitudes about money, and attain true peace, freedom, and security in our financial lives. Learn how to: Understand feelings that impact taking financial action Develop understanding and knowledge about money Eliminate stress and anxiety around money Let go of old patterns and painful habits Approach money tasks with energy and optimism Design a money life that is fulfilling both financially and spiritually Filled with practical information, market-tested, wealth-building skills, personal success stories, and spiritual guidance, *The Seven Stages of Money Maturity* is an invaluable guide to a rich--and richly lived--life. 1. Innocence--The childhood state we are born in, devoid of any concept of money 2. Pain--The discovery that we have more money than some and less than others, and that work is necessary to make a living 3. Knowledge--The intellectual task of learning financial techniques such as saving, budgeting, and investing 4. Understanding--The

emotional work done in coming to terms with feelings around money, such as greed, envy, and resentment (which are rooted in Pain) 5. Vigor--The energy (physical, emotional, and spiritual) that must be expended to reach financial goals 6. Vision--The direction of Vigor outward toward the health and welfare of communities, with or without profit motive 7. Aloha--The compassionate goodwill that allows one to use money to perform acts of kindness without expecting anything in return Using *THE SEVEN STAGES OF MONEY MATURITY*, readers will understand each encounter with money as a step toward awakening; a lesson about the relationship they share with others as well as with the self. --> Did you know it is said that over fifty percent of Divorce in North America is Due to Financial Problems? What if financial problems are only a scapegoat? Your relationship with money goes far beyond the pocketbook, your investments, or what is in your bank account. It may seem to be a significant

accomplishment for a couple to stay married for longer than five years. The astounding statistic shows that most marriages are on their decline after the first year or two. It is said that fifty percent of marriages end in divorce due to financial problems. According to a 2004 study by Smart Money Magazine, the top six money arguments that couples have are about: - Merging their money -Dealing with debt - Budgeting -How to best invest -Money secrets - Planning for emergencies -Selfishness This book is designed to help bring clarity to your relationship with money. Your financial condition goes much deeper than your pocket or what is in your bank account. Instead, there is a direct correlation to your financial, mental, and spiritual condition. The way you think about money is your money blueprint and this will determine the value you place on it and how you use it. Your relationship with money will be more meaningful and abundant when you can communicate effectively regarding how to

allocate your resources. When a couple shares the same attitude toward money, their relationship tends to thrive. If a penny-pincher pairs up with a spendthrift, however, it could be a match made in hell. What is your money blueprint? Americans young and old are flunking their finances. A shocking 77 percent live paycheck to paycheck with no savings. And 43 percent of Americans have less than \$10,000 saved for retirement, while 49 percent could cover less than one month's expenses if they lost their income. In the face of this bleak financial picture, bestselling author and finance expert Mary Hunt offers 7 Money Rules for Life®. This no-nonsense and encouraging book gives readers the keys to get their money under control and get prepared financially for the rest of their lives. In her warm and engaging style, Hunt takes everything that she's learned over the past twenty years and boils it all down. Presented in a conversational style and readable in a weekend, this book offers applications for

each of the seven rules as well as practical advice for how to recover from past financial mistakes. These simple, unchanging, basic rules work in every financial situation, for every income level, and for every stage of life. Money mastery isn't really that hard. 7 Money Rules for Life® can help readers change their futures from uncertain to rock-solid with principles they can apply right away. Are you trying to figure out how to bring in more money into your business? Do you know you've got a money block or are upper limiting-preventing yourself from going beyond what you've always done-with your ability to get higher level clients? Does it seem difficult to see how to match your bank account to your hustle? Maybe it's not in the doing at all. Perhaps it's in the way you are BEing, and how you are feeling about deserving more money. Susan's purpose with clients is to help you believe differently about money, and BE leading your money differently, because beliefs shapes reality and we only receive money to our

capacity. You don't have to struggle. You don't have to remain in overwhelm. You don't even have to be afraid of, or have anxiety around, money. It can be easier. In fact, (newsflash!) that's the way it's supposed to be. Inviting in and receiving more money is meant to be easy. In this power-packed manifesto, Susan explains how she came to her signature discovery of the 7 energetic levels of money consciousness, helps you identify which level you are currently in and provides a prescription for getting you to your next level, most easily and efficiently. Look, we don't want the money. We want what money gets us or does for us, so we can be, do, and have more. Like taking better care of ourselves, our family, our community. Or giving back more. The more money we have, the better options we have, the more secure we feel, the higher confidence we have in our future, and the more fully expressed we become. In fact, in The Science of Getting Rich, Wallace D. Wattles states that desiring money for what it can get us

or do for us is noble. There is no higher pursuit. You also learn the importance of leading your money with your energy, and the spiritual side of money consciousness. Everything is energy. Just by breathing you are worthy of abundant prosperity. Join Susan on this illuminating tour of just how easy it is to have whatever amount of money you desire. Take charge of your financial success in just 7 weeks with this powerful guide. Are you struggling to manage your finances? Do you feel hopeless or lost, unable to reach the goals and dreams you desire? Written by Heather Burgette, founder of the Becoming Debt Free Facebook group, *Unlock Your Why: 7 Keys to a Thriving Relationship With Money* is your ticket to financial freedom - it's time to break your unhealthy financial habits and discover the seven fundamental keys to a healthy, prosperous, and thriving relationship with money. Each chapter contains three days of reading and one key lesson, specifically designed to radically shift your mindset and attitudes

around money. As you move through this book, you'll assess and rebuild your habits with journal questions and self-reflection, and powerful 'Action Days' will help you put these lessons into practice. With a relaxed, conversational tone, Heather shares her own experiences - from the victories and successes to the mistakes and pitfalls, all so you can avoid the same mistakes and build a happy and healthy relationship with money. From understanding our society's attitudes around money to the subconscious beliefs instilled in you as a child, *Unlock Your Why: 7 Keys to a Thriving Relationship With Money* is a powerful and motivational guide to financial success! So join Heather as she becomes your cheerleader and confidante, and start your journey to financial freedom today! This could potentially help you think about money and investing. There are many different types of investing that you can work with. You can work with the stock market, choose to save for your retirement, start a business, and even

work in real estate. But if you would like to make a good amount of profit in a short amount of time, then it may be time to consider swing trading. This guidebook discusses things you need to know about swing trading and how it is different from some of the other stock market trading options that you can go with. Some of the topics that we will discuss about swing trading includes: What swing trading is The benefits of swing trading How to get started swing trading Top strategies for success with swing trading The biggest rules to follow in swing trading The top mistakes that beginners make When you are ready to get started with swing trading and making a good profit within a week or less, make sure to read through this guidebook and learn everything that you need to get started. Millions of people are lost in debt and teetering on the brink of financial insecurity- and all they really need is a good map. By revealing key biblical principles of finance, Your Money Map steers readers toward wise money

management through seven financial destinations anyone can reach. It describes each destination, from saving \$1,000 and creating a spending plan, to reducing debt and making wise, long-term investments. provides practical advice on how to get out of debt, establish an educational fund, create a retirement account, and achieve financial security, using seven key principles that range from "Cash is better than credit" to "Enough is enough" to "Keep it simple." 35,000 first printing. With the help of a #1 New York Times bestselling author and finance expert, set your finances right with these updated tactics and practices Dave Ramsey knows what it's like to have it all. By age twenty-six, he had established a four-million-dollar real estate portfolio, only to lose it by age thirty. He has since rebuilt his financial life and, through his workshops and his New York Times business bestsellers Financial Peace and More than Enough, he has helped hundreds of thousands of people to understand the forces behind their financial distress and how to set things right-financially, emotionally, and spiritually. In this new edition of Financial Peace, Ramsey has updated his tactics and philosophy to show even more readers: • how to

get out of debt and stay out • the KISS rule of investing—"Keep It Simple, Stupid" • how to use the principle of contentment to guide financial decision making • how the flow of money can revolutionize relationships With practical and easy to follow methods and personal anecdotes, Financial Peace is the road map to personal control, financial security, a new, vital family dynamic, and lifetime peace. The 800 years of scientific breakthroughs that will help salvage your retirement plans Physics, Chemistry, Astronomy, Biology; every field has its intellectual giants who made breakthrough discoveries that changed the course of history. What about the topic of retirement planning? Is it a science? Or is retirement income planning just a collection of rules-of-thumb, financial products and sales pitches? In The 7 Most Important Equations for Your Retirement...And the Stories Behind Them Moshe Milevsky argues that twenty first century retirement income planning is indeed a science and has its

foundations in the work of great sages who made conceptual and controversial breakthroughs over the last eight centuries. In the book Milevsky highlights the work of seven scholars—summarized by seven equations—who shaped all modern retirement calculations. He tells the stories of Leonardo Fibonacci the Italian businessman; Benjamin Gompertz the gentleman actuary; Edmund Halley the astronomer; Irving Fisher the stock jock; Paul Samuelson the economic guru; Solomon Heubner the insurance and marketing visionary, and Andrey Kolmogorov the Russian mathematical genius—all giants in their respective fields who collectively laid the foundations for modern retirement income planning. With baby boomers starting to hit retirement age, planning for retirement income has become a hot topic across the country Author Moshe Milevsky is an internationally-respected financial expert with the knowledge you need to assess whether you are ready to

retire or not Presents an entertaining, informative narrative approach to financial planning Understanding the ideas behind these seven foundation equations—which Moshe Milevsky explains in a manner that everyone can appreciate—will help baby boomers better prepare for retirement. This is a book unlike anything you have ever read on retirement planning. Think Suze Orman meets Stephen Hawking. If you ever wondered what the point of all that high school mathematics was, Moshe Milevsky's answer is: So that you can figure out how to retire...while you can still enjoy your money. More fortunes are built in real estate on borrowed money than in any other business. And you can build your fortune in real estate using borrowed money too-if you follow the advice and tips in this book. Whether you're making your first foray into real estate investing or have invested for a number of years, 209 Fast Spare-Time Ways to Build Zero Cash into 7 Figures a Year in Real Estate will show you how to acquire

income-producing real estate and build your wealth by using borrowed money. Long-time real estate advisor Tyler Hicks offers proven strategies and real-world examples to illustrate how much MIF-Money in Fist-you can realistically earn by investing in real estate. A valuable guide for new, experienced, or affluent real estate investors, 209 Fast Spare-Time Ways to Build Zero Cash into 7 Figures a Year in Real Estate covers all the bases, from finding loans to hiring an accountant and an attorney to help with the business. Letters from individuals who have successfully followed the strategies outlined in this book are also included to help you understand exactly what you must do to make this plan work for you. Filled with in-depth insights and practical advice, 209 Fast Spare-Time Ways to Build Zero Cash into 7 Figures a Year in Real Estate discusses important real estate topics-including creative financing, acquiring single-family homes, and becoming a private lender client-to allow you to make the

most of your investments in real estate.

In Love Your Life, Not Theirs, Rachel Cruze
shines a spotlight on the most damaging money
habit we have: comparing ourselves to others.
Then she unpacks seven essential money habits
for living the life we really want--a life in line

with our values, where we can afford the things we want to buy without being buried under debt, stress, and worry. The Joneses are broke. Life looks good, but hidden beneath that glossy exterior are credit card bills, student loans, car payments, and an out-of-control mortgage. Their money situation is a mess, and they're trying to live a life they simply can't afford. So why exactly do we try so hard to keep up with the Joneses? Are we really living the lives we want, or are we chasing someone else's dream, just trying to keep up appearances on social media, at church, and in our community? Why are we letting other people set the pace for our own family's finances? In *Love Your Life, Not Theirs*, Rachel shows you how to buy and do the things that are important to you--the right way. That starts by choosing to quit the comparisons, reframing the way you think about money, and developing new habits like avoiding debt, living on a plan, watching your spending, saving for the future, having healthy conversations about

money, and giving. These habits work, and Rachel is living proof. Now, she wants to empower you to live the life you've always dreamed of without creating the debt, stress, and worry that are all too often part of the deal. Social media isn't real life, and trying to keep up with the Joneses will never get you anywhere. It's time to live--and love--your life, not theirs. "I've never read a book about money that takes this approach--and that's a good thing! Comparison has a way of weaving itself throughout all aspects of our lives, including our money. In *Love Your Life, Not Theirs*, Rachel Cruze outlines the seven money habits that really matter--and they have nothing to do with keeping up with the Joneses!" Candace Cameron-Bure Actress, author, and co-host of *The View* "*Love Your Life, Not Theirs* is full of the kind of practical, straightforward advice we've come to expect from Rachel Cruze. She offers guidance on paying down debt, smart saving, and the right way to talk to your spouse

about money. These indispensable tips can help with day-to-day spending decisions and put you on a path to establishing healthy financial habits." Susan Spencer Editor-in-Chief for Woman's Day "Cruze's self-deprecating and honest voice is a great resource for anyone wanting to take charge of their money. With humor and approachability, she helps her readers set themselves up for success and happiness, no matter what current financial state they may be in." Kimberly Williams-Paisley New York Times best-selling author of Where the Light Gets In "In today's world of social media, the temptation to play the comparison game is stronger than ever. Love Your Life, Not Theirs is the perfect reminder that, when it comes to money, comparison is a game you can't win. A terrific--and much needed--read." Jean Chatzky Financial Editor, NBC TODAY and Host of HerMoney with Jean Chatzky Podcast This book contains simple rituals that bring the money you desire. No demons, no darkness; you

get powerful, light magick, using angelic names and sigils. Your wants and needs are converted into reality, through the power of magick. Ritual One is a rejection of personal poverty. If you're in the depths of poverty, you begin to move away from those depths. If you're already doing OK with money, the ritual removes the fear that poverty can ever return. Ritual Two will remove your financial desperation, to help you allow and attract a new financial future. Ritual Three removes the blockages that prevent wealth from coming to you. Ritual Four is a petition for riches, and this is a master working that helps to attract money into your life over the coming year. Ritual Five is designed to attract a specific sum of money, to solve a problem or fulfil a desire. Ritual Six increases your wages, or income from business or sales. Ritual Seven increases your luck in games of chance, including lotteries, card games and any form of gambling. The magick used in this book comes from many sources. If it works, it's in the book.

You'll discover the six secret names of the archangel Metatron to access wealth four gnostic angels that break through financial barriers a secret pathworking technique that accesses the power of ancient gods The book explains the source of these magickal techniques, but only in brief, so you can put your focus on getting the magick to work. The methods are safe, and you don't need special equipment. All you need is an open mind and a willingness to work the magick as instructed. When you get money through magick, it's one of the best feelings in the world. This book can bring you that feeling. Save More Money and Increase Your Net Worth! Do you wish you had more money left at the end of the month? Is it time to do something about your finances? Would you like to build wealth for the future? If so, this is the book for you! paycheck to paycheck... if you need a money makeover...if you want to learn the secrets of how the rich stay rich...then *Get Your Money Right* is the book for you. This book shows you how easy it is to take control of your money. You'll discover how to: - Develop the right mindset to achieve success- Change your money habits and transform your life- Avoid the debt traps that often lead to financial disaster, stress, and anxiety- Use proven financial principles to get control, eliminate debt, save money, and more The best financial planner Michelle Singletary ever knew was Big Mama, her grandmother. Big Mama raised Michelle and her four brothers and sisters on a salary that never reached more than \$13,000 a year. Yet at her death, Big Mama owned her own home, had paid off a car loan, and had a beautiful collection of Sunday-go-to-meeting church hats and a savings account that supplemented her Social Security check and small pension. Most important, she had taught Michelle "7 Money Mantras for a

Richer Life." Those mantras serve as the inspiration for this straight-talking book of practical personal financial advice that really works. The 7 Money Mantras are: 1. If it's on your ass, it's not an asset! 2. Is this a need or is it a want? 3. Sweat the small stuff. 4. Cash is better than credit. 5. Keep it simple. 6. Priorities lead to prosperity. 7. Enough is enough. Michelle Singletary is a syndicated columnist for *The Washington Post* whose popular personal finance column appears in more than 120 newspapers. She's also a mother of three children who understands what it's like to live on a budget. In a plainspoken, sassy, no-nonsense voice, Michelle provides answers to the financial issues that confront almost every household: how to teach children the value of money; how to address money issues in a relationship or marriage; household saving tips; getting the best loans; and much more. "This book is about saving enough money to have choices," she writes. "It's about feeling free to

be cheap if you can't afford to buy a ton of gifts at Christmas. It's about eliminating wasteful spend-ing so you can begin to save and invest. It's full of uncommon commonsense lessons and guidance on the way people should use their money." With humor and down-home financial wisdom, Michelle Singletary offers practical and realistic advice that will help you live well with the money you have. Michelle Singletary on . . . Romance and Money "It's okay to say: 'Honey, I love you and everything, but if you need money, ask your mama.'" Credit Cards "We are minimizing our financial potential by making minimum credit-card payments." Car Buying "If you want to save money, keep your car until you're on a first-name basis with the local tow-truck drivers." Leasing a Car "You, too, can drive a car you can't afford and then have to give it back. It's crazy." Gift Giving "Generosity

isn't about how much you spend. It's about how much thought you put into the gift." Penny Pinching "I once bought a stick-shift car because it was \$1,000 cheaper than the automatic in the same model. There was just one little problem. I couldn't drive a stick-shift. But at least I saved \$1,000!" In college I did all these small "money hustles.."...most of them online, some offline. These were extremely fun to do, and taught me valuable lessons along the way. The idea behind this was: "What gets measured, gets managed." - Peter Drucker So I documented all these money-making "experiments" in order to learn from them myself, and to teach others. Enjoy, and I hope this book expands your mind to what you thought possible! Sincerely, Neville Medhora - NevBlog.com
