THE NEW YORK TIMES BESTSELLING TRAVEL MEMOIR What happens when an unadventurous adventure writer tries to re-create the original expedition to Machu Picchu? In 1911, Hiram Bingham III climbed into the Andes Mountains of Peru and "discovered" Machu Picchu. While history has recast Bingham as a villain who stole both priceless artifacts and credit for finding the great archeological site, Mark Adams set out to retrace the explorer's perilous path in search of the truth—except he'd written about

adventure far more than he'd actually lived it. In fact, he'd never even slept in a tent. Turn Right at Machu Picchu is Adams' fascinating and funny account of his journey through some of the world's most majestic, historic, and remote landscapes guided only by a hard-as-nails Australian survivalist and one nagging question: Just what was Machu Picchu? This textbook covers all knowledge-based core units and the most popular optional units of the BTEC National in sport and exercise sciences. It provides in-depth coverage of the knowledge-based content as a basis for assessment tasks. Suitable for BTEC National Sport and Exercise Sciences to match Edexcel's 2007 specification, this book covers the curriculum in manageable chunks that link to the specification headings, so that students can be confident that they have covered the underpinning theory they need. It features a full-colour format. Welcoming and user-friendly, BTEC Tech Award in Sport, Activity and Fitness offers comprehensive coverage of this brand new qualification.
